

*Have a question? Want to alert me to a bug? Do you have a comment or suggestion? Here are places you can contact me at -*

1. PokéCommunity / Pokémon Reborn / Skeetendo

Depending on the place you received this hack at, you may generally use the thread the hack was posted in to contact me, or directly PM me (TheScarletSword). By the way, those three sites are the ONLY sites allowed to host this hack. Please, do not post this hack anywhere else - link to the thread from those three websites if you must post it somewhere.

2. SereneSpace's Pokémon Showdown server.

Usually, there would be an IRC here, but Showdown will be taking the place of that. You can (usually) contact me directly on here. <http://serenespace.ddns.net.psim.us>
